Hispanic or Latino	60	NSD	NSD	NSD
Asian	20	NSD	NSD	NSD
Native Hawaiian or other Pacific Islander	NSD	NSD	NSD	NSD
American Indian or Alaska Native	30	NSD	NSD	NSD
Hispanic and other	NSD	NSD	NSD	NSD
Multi-race	NSD	NSD	NSD	NSD
Not reported	1,540	90	120	1,750

These data do not reflect the relative FTEs worked by the various groups of employees.

Data is based on a sample of employers responding to the Survey of Occupational Injuries and Illnesses, and weighted by employer size and industry. The scientifically selected probability sample used was one of many possible samples, each of which could have produced different estimates. The sample excludes farms with fewer than 11 employees.

Days-away-from-work cases include those that result in days away from work with or without job transfer or restriction. Data for employers in railroad transportation are provided to BLS by the Federal Railroad Administration, U.S. Department of Transportation.

Race and ethnicity data do not add to total. Some cases may be counted as both "Multi-race" and "Hispanic and other" race. Because of rounding and data exclusion of nonclassifiable responses, data may not sum to the totals.

NSD: Non-sufficient data: these data do not meet publication guidelines.
